Dimitra Nikolla

Software Developer

nikollad@hotmail.com

Greece

TECHNICAL SKILLS

Front-end

HTML5 · CSS3 · SCSS · JavaScript (ES6+) · jQuery · Bootstrap · Responsive UI · Razor Views · Front-end Architecture

Frameworks & platforms

React · WordPress (custom theme development)

.NET & Back-end

ASP.NET MVC / Core · C# · Entity Framework Core · LINQ

APIs & Databases

REST APIs · SQL Server · MySQL

Tools & Workflow

Git & GitHub · Jira · Figma · Deployment · Debugging

STRENGTHS

Problem Solving

Analytical and persistent in finding practical solutions.

Collaboration

Experienced in cross-functional design, product, and engineering teams.

Adaptability

Comfortable adapting to new requirements and technologies.

INTERESTS

Music · Space · Travel · Photography

PROFESSIONAL SUMMARY

Software Developer with extensive experience building scalable web applications, responsive user interfaces, and business software solutions. Skilled in JavaScript, HTML, CSS, SCSS, Bootstrap, and ASP.NET/.NET Core technologies, and React. Experienced in translating business requirements into maintainable applications, integrating REST APIs, and collaborating across product, design, and engineering teams. Focused on clean code, performance, usability, and reliable digital solutions.

WORK EXPERIENCE

Senior Front-end Developer

Aisle Ahead — May 2020 – Present

Contributing to SaaS products including BigOven, BigOven Build, and partner-facing web applications.

- Build responsive dashboards, onboarding flows, and content-driven interfaces using Razor Views, JavaScript, Sass, and React.
- Translate Figma designs into responsive layouts for desktop, tablet, and mobile.
- Integrate REST APIs and CMS-driven content, collaborating with .NET backend teams.
- Improve UI maintainability, responsiveness, and overall user experience.

Systems Analyst Programmer

FlighTracker — 2010 – 2019

Designed and supported ground-handling operations software for airports in Greece, Cyprus, and Bulgaria, and for airline companies.

Programmer

International Life (Insurance Group) — 2008 – 2010

Developed and maintained insurance applications.

Database Developer

Information Systems Impact (SoftOne Group) — 2006 – 2007

Database design and development.

Software Developer

Topos Communications S.A. — 2004 – 2005

Developed web-based control-center interfaces, real-time vehicle-tracking dashboards, and internal tools for telematics applications.

EDUCATION

Master of Science in Information Technology and Management (2007–2008)
Keele University, UK

Master's Degree in Information Systems and Management (2002–2006)
Athens University of Economics and Business — Department of Informatics

PROFESSIONAL DEVELOPMENT

React – The Complete Guide (incl. Next.js, Redux)
Course covering React Hooks, Redux, React Router, and Next.js.

.NET Core Full Stack Developer
Training in C#, ASP.NET Core MVC, Razor Pages, Entity Framework, LINQ, REST APIs, dependency injection, and Azure deployment.

Responsive Web Design Essentials – HTML5, CSS3, Bootstrap
Responsive website development.
